

## ***Rick Rossini - A Touch Of Magic!***

A TOUCH OF MAGIC - Presenting audience interactive, fun filled "larger than life" magic with Rick Rossini (and his magical assistants), and featuring "your audience as the stars"! All customized to your company and event.

This special performance offers a unique combination of good clean humor, sophisticated entertainment, magic, GRAND illusion and theatre, all assisted by members of your audience (with no embarrassment to anyone). Amazing, exciting and funny, Rossini will quite literally have some audience members jumping out of their chairs in laughter.

The show begins with a very fast 8 minutes of amazing visual magic, set almost entirely to music, to establish Rossini as a master magician. Snow white doves appear out of thin air, a live dancer transforms from the doves, a newspaper is torn into pieces and restored (or is it?), and milk flies in the air and appears in a sealed light bulb! Your audience will be truly amazed!

From here the enchantment, a ton of good, clean comedy and excitement builds as we add your audience's interaction into our magical experience.

So what will they see? A person suspended in mid air - above everyone (YES IT REALLY HAPPENS), a hilarious mind reading experiment that becomes larger than life, an amazing magical/musical montage that has a person divided into pieces and restored, perhaps even a magical game show called TRICK OR NO TRICK (performed with your audience's money).

In reality the props used are the simplest in nature; however it is how they are used that is so special. The magic becomes incredibly entertaining and action packed as a result of Rossini's rapport with your audience and their direct involvement - in some cases getting the entire audience involved. Rick's style of audience participation is very warm, special and magical. He truly is a master showman and entertainer!

Intermixed within this amazing magic and audience participation are some crazy one liners, unique situation comedy, old fashioned story telling, grand illusion, drama and good theatre - again with no embarrassment to anyone!

The final 10 minutes (sorry we don't want to wreck the surprises and give all the details away) is a pseudo mental experiment in "observation" that is hysterical and unforgettable, and will quite literally have some members of your audience jumping out of their chairs in laughter - guaranteed!

Be a part of all this magic and more, as Rick Rossini works with your audience to make real magic and incredible memories happen!
