“We had a pleasure of having Rick perform at our Christmas party in 2024, and he was absolutely fantastic! Rick was incredibly professional, and his materials and magic tricks were top-notch. Both children and adults were thoroughly entertained- everyone had a great time from start to finish.

His performance added a special touch to our celebration, and we received so many compliments from our management, employees and their families and guests. We were so impressed that we've already booked him again for our Christmas party in 2025. Highly recommended for any event where you want to bring smiles with a touch of magic!!!”

THE MAGIC OF CHRISTMAS!

This is an amazing and dynamic Christmas FAMILY Show filled with good clean fun, fantastic surprises, incredible magic, and all assisted by members of your audience. Imagine the impossible made possible, and so much more!

See a handkerchief that disappears and flies through the air, a golf ball that grows and multiplies, and a snow-white dove that appears and disappears out of thin air. However this unique experience is not just about tricks, but more importantly it's about entertainment. Yes, this magic becomes incredibly enchanting as a result of Rossini's rapport with your audience and their direct involvement. Rick's style of audience interaction is very special and magical.

And intermixed within this amazing magic and audience participation are some crazy one-liners, unique situation comedy, and Christmas Magic story telling! Kids love his visual effects, playful rapport, action and comedy, and how they get an opportunity to join Rossini and become Wizards themselves! Parents love the good clean humor, unique approach and his custom created material!

This Christmas be a part of the magic as Rossini works with your audience to make real magic happen! Christmas Magic!

Some IMPORTANT details...

This type of show is larger and very different from just the "kiddy" magic show you see at birthday parties.

This is an amazing, fun, full sized FAMILY show - so that there is something there for all age and sophistication levels - and the interaction can actually get the whole family to participate as one - and have a great time doing it!!

(within reason - those 3 and under will not get that much out of any formal show, just a little too young).

On my end I supply everything including sound system - all I require from you is the performance area (minimal), and one regular power circuit for the sound system. I typically arrive around 30 minutes before the show to set up and am gone about 30 minutes after its conclusion.

I can also incorporate "Santa's arrival" as well as other important elements to your unique event. Such as balloon molding and close up magic- since I am already there many Companies have me do balloon molding and smaller "in your hands" magic as their guest first arrive and then go into the featured Magic Show.

Please call 905-220-6578 for pricing.

Non-denominational shows, Holiday themed shows are also available for those groups who don't celebrate Christmas.

--

On the technical side I have over 40 years of professional performing experience (I specialize in this full time - not just on weekends), have a valid Police check, and have 5 million dollars liability insurance which can specifically be issued to your venue.

--

I would be happy to answer any other questions or concerns you have and I hope I get the chance to work my magic for your Christmas party.

Your event deserves that same level of care.

Rick Rossini Christmas Comments...

“Always A Hit!”

“This is the second year Rick has come to entertain at our holiday party! Rick was outstanding keeping both parents and children entertained throughout the entire hour! He went above and beyond to help make our annual Children’s holiday party for our office a great success! Would definitely recommend. Thanks Rick!”

Jennifer Wadas, Cushman & Wakefield - Rating: 5 out of 5

“Awesome Entertainer!”

“Rick Rossini - an awesome entertainer! He had the audience of over 60 kids and adults captivated from beginning to end. Not an easy feat as we had kids as young as 3 and adults as old as 70. Still receiving positive comments from everyone in attendance. Would highly recommend Rick to anyone looking for fun, family entertainment!!”

Deb Matheson, Molesworth Lanes - Rating: 5 out of 5

“One Of The Best Entertainers We’ve Had!”

“We’ve hired different magicians in the past for our school who have been great, but what made Rick really stand out was how incredibly interactive he was with our kids. He brought many on stage and was even thoughtful enough to pick from the back of the audience as well. I’ve never seen our audience so involved as they were in Rick’s show. There was constant laughing and applause which is exactly what we wanted. Thanks, Rick for a job super well done!”

Sandra Miele, Cavalry Christian School - Rating: 5 out of 5

“Not Be The Same Without You!”

“You have been supplying your magic at our Rotary Easter Seals Christmas Party since 1998. That’s hard to believe. You have delighted our children and their parents with your special magic shows for 21 years and yet you have continuously changed the program to keep it fresh for those who come on an annual basis. This has not gone unnoticed. We look forward to enjoying many more future shows. Our Rotary Christmas Party would not be the same without you, and the children we service would really miss you if you were not there!”

Mac LaFrance, Streetsville Rotary - Rating: 5 out of 5

“Thank You For A Great Evening!”

“Rick is very kind and personable, he arrived on schedule and was all set up before our guests starting trickling through the door. This event was for kids around 7 years old and they laughed and giggled the entire hour! The tricks were great, and the parents were entertained the whole time too! Rick brought a baby dove and was very patient to let everyone take a photo with the bird. We ended the night with custom balloon animals for everyone and we all had an incredible time! Thank you again for sharing your Holiday Magic with Queenie’s Cards!”

Queenie Best, Queenie’s Cards - Rating: 5 out of 5

“Great Show For Both Kids And Adults!”

“We booked Rick to entertain at a holiday family party and he was the perfect choice. Not only did the kids love the magic show, but the adults were also just as much entertained. Rick did a great job of interacting with the audience and for several of his tricks, he called up kids to participate which they really got a kick out of. I will be hiring Rick again and would highly recommend him for any event...trust me you will not be disappointed!”

Jay Hamman, Private Holiday Party - Rating: 5 out of 5

“Great!”

“The kids absolutely LOVED HIM. He was fantastic! The adults had a great time too!!!”

Lil Bruinenberg, Canadian Tire - Rating: 5 out of 5

“Wonderful Performance For Our Santa’s Arrival!”

“Thank you for the wonderful performance for our Santa’s arrival. Both adults and children alike (including myself) seemed mesmerized by the magical appearance of our Santa. It’s wonderful to see the show evolve as planned without a single problem especially with the tremendous turnout waiting and watching! Thanks again Rick for making this event the success it was and I look forward to working with you at a future date!”
