AbraCANADAbra - a NEW Show with a One Hundred Fifty Year HISTORY!

Created by the renowned Canadian magician and family entertainer **Rick Rossini**, and a few of his special assistants, this amazing production combines magic, music, comedy and a **"very unique experience of our Country"** in a way that will make everyone **"smile inside."**

It's fast moving, funny, informative and very, very amazing!

The first 4 minutes begin with high energy, visual **"sleight of hand magic set entirely to music"** that incorporates Canadian music and imagery, and some of our furry friends! It makes everyone go **WOW!**

Next with the help of two young audience members we take a flashy and funny, educational tour across Canada (from past to present) concluding with a stage filling, magical production of our Canadian Flag. **Again another WOW!**

From here you will see people floated in thin air, physically transformed, appear and disappear along with some amazing magical demonstrations featuring Canadian inventions, music and sports - again with involvement from everyone in the audience!

Incredible, impressive and yet practical - and very user friendly!

Designed with a versatile, practical performance footprint this 30 to 45 minute show has been created to **"PLAY REALLY BIG"** under almost any staging situation (indoors and out). As well different sized options are available to make this show even larger for **"grander occasions"**, or "more intimate" for smaller, more challenging presentations.

PLUS we even have Special Effects for "Over The Top Magic" like making your Special Host, other Presenters or a Giant, Canadian Birthday Cake Magically APPEAR!!

"I just wanted to thank you for the terrific abraCANADAbra magic shows at our annual Canada Day celebration. As you know, we had a wide range of ages and it is often difficult for us to book entertainment that appeals to everyone. I was so happy that your amazing performances kept everyone captivated."

"We received a lot of positive reactions for the day and your shows had a lot to do with the great feedback. I also appreciated your flexibility and good nature with the timing. Thank you once again!"
